

May 12, 2018

All,

It was a beautiful sunny day yesterday with low wind and 5 guys with some really fine target rifles. We had a great time. The winner of the match was Jake Swierczek who managed to squeak out a win against his dad Mark. High score and most bullseyes 581/22. Jake was shooting a custom 10/22 and I am told the only thing Ruger made was the pins. This one sported an aluminum composite steel lined barrel with an aluminum frame and adjustable stock. Very cool. Mark had another custom 10/22 that had the thumb hole stock with a graphite composite over steel barrel. We had two newcomers who shared a CZ455 American. This is a really cool rifle that comes with 3 barrels so one can shoot, 22LR, 17HMR, and 22WMR. A gift for his dad from Matt, he also put together a very fine wood rifle case with his grandfather that everyone was impressed with. I brought my first bolt action 22, a Ruger Precision rifle. The rifle is fully adjustable from the trigger to the length and comb. My score doesn't reflect this but It shoots 10 rounds on a dime from the bench. I did notice that my score improved from last month!

So really great to see everyone and hope to see you all at our next event on 2 June (first Saturday).

Date 12-May-18
