

**SLSC High Power Sporting Rifle Match
24 September 2016
Match Report**

It looked like it was going to be a hot and humid shooting day, but became overcast with a slight breeze and was ideal for shooting. We could have used a few more shooters, but those in attendance had a spirited competition.

Paul Stephens emerged on top of the leader board yet gain with a fine 307-7x with his scoped bolt gun. This was one of the three Master class scores fired with Jake's 302-7x and Mark's 300-7x being the other two. Both of the latter scores were fired with iron sighted rifles, an excellent accomplishment on its own. It was good to see Perrin back on the line after a long absence. Work on weekends will do that though.

Our next match will be a NRA Approved High Power Rifle National Match Course on Saturday, 22 October. I'll be sending out more info on that match in the near future. If you have any questions about it before then, e-mail me and I'll answer them.

My thanks to all of the competitors for supporting the program, setting up for the match and putting the range back in order after the smoke cleared. Special thanks to Mark Swierczek who ran the second relay and to Steve Haimbach who was waiting for me to show up to help set up, and was the next to last to leave after the match. Their help is always greatly appreciated.

Dick Chadwick, Match Director
