

## SLSC NRA Approved High Power Rifle Match

### Match Report and Results Bulletin

26 May 2018

#### Match Report

It was a beautiful day to shoot rifles and we had a better than average turnout with 10 competitors firing over our two relays.

The service rifles outshot the match rifles again this month with Jake's Master class 471 -6X taking Match Winner honors with his M1A. It is of note that all three of the service rifle shooters had iron sights and two of them shot higher scores than the mostly scope sighted rifles in the Match Rifle category. The scopes will take some getting used to.

Paul won the Match Rifle category with a 447-7X shooting his AR-15 platform space gun with its high grade iron sights.

Many thanks to the competitors for their help in setting up the range and getting everything back in order after the match. And a special thanks to Mark Swierczek for running the second relay again, allowing me to shoot.

Our next high power rifle match will be the High Power Sporting Rifle match June 23rd. Details on the match will be forth coming . This match is a great introduction to high power shooting. Scoped and iron sights are both allowed and shooting coats, gloves and other apparel are not allowed. We have shooting mats and spotting scopes (although the scopes aren't the best) you may use if you don't have your own.

I urge you to give our high power matches a try. Good competition, good company and a good time to be had by all.

Dick Chadwick, Match Director

#### Results Bulletin

##### Service Rifle (Iron Sights)

Name	Class	Rifle	Standing	Sit/Kneel	Prone	Prone	Aggregate	Place	Special Notes
