

SLSC NRA Approved High Power Rifle Match

Match Report and Results Bulletin

27 August 2016

Match Report

We had a good morning to shoot although it was pretty hot, but a low turnout of riflemen. The usual suspects again were on hand plus we had a new shooter, non-member Lee Battle, who ended a long competitive shooting layoff and had a good time shooting with us. We hope to see him on a regular basis and as a new member eventually.

The service rifles outshot the match rifles once again this month. Yours truly had the high score for the day again and Jake was second. Steve had the high match rifle score. Many thanks to the competitors for their help in setting up the range and getting everything back in order after the match. And a special thanks to Mark Swierczek for running the second relay again, allowing me to shoot.

Our next high power rifle match will be the NRA Approved High Power Sporting Rifle match on September 24th. This event is a good introduction to high power rifle competition and you don't need any special equipment, in fact heavy shooting coats, shooting gloves and the like are specifically banned. Shooting mats and spotting scopes are a help and if you don't have your own, club loaners are available (although the scopes aren't the best). Details and the match program will be available later, and are available on the club website presently in the high power rifle section.

I urge you to give our high power matches a try. Good competition, good company and a good time to be had by all and it will make you a better marksman.
