

SLSC NRA Approved High Power Rifle Match

Match Report and Results Bulletin

24 August 2019

Match Report

The hot weather abated and we had a very pleasant day for shooting. Seven shooters showed up to take advantage of the weather and inhale the aroma of the burned gunpowder.

Matt Walters, a Navy shooting shipmate of John Casilio, came down from the Naval Academy to join the fun and gave us an excellent demonstration of how to effectively wield the service rifle taking top honors with his excellent 475-11x. Matt will be coaching the Midshipmen's service rifle and service pistol teams starting this fall. Mark Swierczek once again ruled the iron sighted category.

Everyone shot the popular AR's with the exception of Nate Swift who shot a Bren L1A1 in 7.62 x 51. He had some difficulty getting his sights right but when he joins us again we will expect to see if the Bren shoots as well as is advertised.

Cody Moore shot this course of fire for the first time and made a very satisfactory debut. Cody shoots air rifle with the Calvert High JNROTC program so is no stranger to marksmanship competition.

Our next high power rifle match will be the NRA Approved High Power Sporting Rifle match on September 28th. Nearly everyone has a rifle that can be used in this match, the target is large and you are in position with the rifle when the order to FIRE is given. It is a great introduction to HP rifle competition for the newer shooter but still a challenge for the more skilled. More info will be forthcoming as the match date nears. We hope to see some new faces join us.

Dick Chadwick

Results Bulletin

Service Rifle (Optical Sights)

Name	Class	Rifle	Standing	Sit/Kneel	Prone	Prone	Aggregate	Place	Special
