

## SLSC NRA Approved High Power Rifle Match

### Match Report and Results Bulletin

22 May 2021

Six shooters showed up to enjoy a test of riflery skill and a good time was had by all, don't let the scores fired mislead you. When the smoke cleared Joshua S. took Match Winner honors with a score that was just one point below what was needed to be a Sharpshooter score. That also was the highest optical sight score, but Cody M. gave him a good run. The high metallic sight score was shot by Ryan M., Cody's father, with the ever popular AR-15.

Our next match will be a High Power Sporting Rifle match on June 26<sup>th</sup>. This is a great introduction to HP rifle competition and I highly recommend it for both first timers and experienced marksmen. More details will be sent out as the date approaches.

Many thanks to the shooters who faithfully show up for these matches. They help set up and breakdown the range as well as compete and it makes me feel my efforts organizing the matches are appreciated. And a special shout out to Mark Swierczek, who attends more of these matches than anyone except me either shooting or calling the line so I can shoot.

Dick Chadwick, Match Director

#### Results Bulletin
