

Sanner's Lake IR5050-style Rimfire Benchrest Match Report
5 July 2020

An excellent turnout of shooters blew the dust off their rifles after a long quarantine and ventured out in the hot and heavy conditions on a holiday weekend to get back into hot and heavy action at the July IR5050-style benchrest match at Sanner's Lake. Along with our usual competitors, Chris Covert found his way back to Sanners after a long absence to join us on the line. It appears that Chris took his time away from Sanners seriously as he brought a bevy of bodacious benchrest guns to turn the heat up on everybody else!

As the smoke settled at the end of the day, it appeared that Chris put his equipment to good use, taking the top spot in the individual category with an excellent 247-10X, just three points away from a perfect 250. In the combined category, Chris likewise kept the heat on but fell short of first place by just 4 points with a 724-21X, as Mark Swierczek took the combined win with a 728-22X.

See a summary of all the scores plus pictures below.

Thanks to everybody for making it out to the range under less than perfect conditions and accommodating our current social distancing and sanitary hygiene rules to put down good scores across the board. The next match is on August 2nd, see you there!
