

Sanner's Lake IR5050-style Rimfire Benchrest Match Report
4 October 2020

It was another beautiful day at the range and five shooters made it out to put their rimfire rifles (and themselves) to the test to see what kinds of scores they could tally at the October IR5050-style benchrest match at Sanner's Lake. Two new shooters, Jeff Potts and Patrick O'Mara, joined the regular shooters on the line and notched up some decent scores for their first time out. Now it's just a matter of practice (= time) and equipment (= money) to see how quickly they'll climb up the scoreboard! See a summary of all the scores below.

Thanks to everybody for making it out to the range this year to support our rimfire matches at Sanners. We'll pick it up again next year, so be sure to keep an eye on the club calendar for the 2021 match schedule!
