

Sanner's Lake IR5050-style Rimfire Benchrest Match Report
2 June 2019

It was a warm, breezy, but reasonably pleasant afternoon and a full relay of eight shooters loaded up the benches for the June IR5050-style match at Sanner's Lake. The usual bunch of benchrest buffs were there along with several new competitors testing themselves and their rifles under match conditions. It was a tight race for the top in the combined score category but after a slow start Mark Swierczek squeaked into first place by just one point with a 710-16X. Joe Mund was hot on his heels with an amazingly consistent set of three strings (overall spread of just two points, under breezy conditions no less!) to take second place with a 709-12X, while Jake Swierczek bookended his second string lapse with two matching 235's to grab third place with a 688-10X. In the individual score category, Mark's Anschutz took the top two spots but Dave Harrell and his 10/22 were right in the mix grabbing third place with an outstanding 238-5X and missing second place by just one bullseye! All the detailed results are listed below. Thanks to everybody for coming out and filling up the benches, and we hope to see everyone back for the next match on July 7th. See you then!
