

Sanner's Lake CMP Rimfire Sporter Match Report
8 August 2020

It was a steamy morning at the range as the usual enthusiastic crowd of shooters gathered for the resumption of Rimfire Sporter matches after a long, socially distant, layoff. Although it was the usual crowd, they brought some unusual rifles, including Matt's Henry Frontier lever action and Jake's Gevarm A6 which, although semi-auto, fires from an open bolt. In spite of the action, which is, shall we say, "dynamic", as well as the notch-and-blade sights, which are, shall we say, "tiny", Jake managed to put it all to good use scoring an excellent 546-9X to take first place in the iron sights class. In the optical sights class, Mark Swierczek had a decent set of scores to take first place with a 578-17X. Scores and details are listed below. Our next match is on 21 September...see you then!
