

Sanner's Lake Woodstock Match Report – July 2022

Five vintage rifle buffs shrugged off the sweltering heat and ignored the ominous thunder to head to the range and do battle at the July Woodstock match at Sanner's Lake. Luckily the storms never quite made it to the club and the heat actually moderated a bit making for a reasonably pleasant afternoon of shooting! Jonathan Ramsay and his Schmidt–Rubin couldn't quite match the stellar scores of his sighting shot string (isn't that always the case?!?) but still managed to put together an impressive set of targets to take first place in the combined category with an excellent 289-7X. Bringing his own thunder was Greg Banta and his 03A3, notching a consistent set of mid-90's to grab second place with a fine 282-3X. Meanwhile Mark Swierczek seems to have found a reload recipe that shoots reasonably tight groups out of his ancient Trapdoor Springfield...now he just needs to fiddle with that cranky Buffington sight to move those groups to the center of the target! His 268-2X was still good enough for third place, however. In the individual score category the action was tight, with multiple matching scores having to go to tie-breakers to resolve, but in the end the standings with similar. And speaking of matching scores, the consistency award goes to Ron Ferguson shooting three identical 85-0X's with his FAL, a Woodstock match first! See all the scores and details below. Thanks to everybody who shrugged off the heat and thunder and made it out the range for what turned out to be an excellent afternoon at the range. The next Woodstock match will be on August 18th and I'm sure we can count on more summerlike weather. See you there!
