

SLSC NRA Approved High Power Rifle Match

Match Report and Results Bulletin

23 April 2016

Match Report

Although overcast and threatening to rain, a few sprinkles on the second relay were all that showed up.

Jake Swierczek drove home from classes at WVU in Morgantown to join us at the range again. Maybe next month we can get some shooters from Lexington Park and Leonardtown to make the long drive and try their hand at high power rifle. There are so many different events to shoot at our club it sometimes is hard to decide what to shoot though. We are very fortunate in that respect. Some of our regulars were sick or had other higher priority things to do, so attendance was not as good as I had hoped.

Paul Stephens, using his AR-15 match rifle in .223 got off to a slow start but had it all together in the slow fire prone stage to come back and post the highest score for the day with his AR-15 match rifle, which is quite an impressive rifle to see, let alone shoot. Hopefully Steve Haimbach will be back next month to give Paul some competition.

Jake and his friend David Drazba were our two junior shooters. Both shot the old reliable M1 Garand with Jake taking High Junior honors. Half of our service rifles were M1's, which is always good to see. The CMP is still selling refurbished M1's for a bit over \$1000 and they are excellent rifles. Get them while you can...you can always justify the purchase by considering them an investment. Their value will go up every year you own one. And you can shoot them in our National Match Course, the Vintage Military Rifle match and if you get one with a light enough stock, the High Power Sporting Rifle match too.

Many thanks to the competitors for their help in setting up the range and getting everything back in order after the match. And a special thanks to Mark Swierczek for running the second relay, allowing me to shoot.

Our next high power rifle match will be the High Power Sporting Rifle match on May 28th. I remind you that scoped rifles are allowed in this competition. Details on the match will be forthcoming. We have shooting mats and spotting scopes (although the scopes aren't the best) you may use if you don't have your own.

I urge you to give our high power matches a try. Good competition, good company and a good time to be had by all.

Dick Chadwick, Match Director

Results Bulletin

Service Rifle

Name	Class	Rifle	Standing	Sit/Kneel	Prone	Prone	Aggregate	Place	Special Category
			Slow	Rapid	Rapid	Slow			
Swierczek, Mark	SS	AR-15	85-0X	89-0X	97-1X	184-5X	455-6X	1st
