

SLSC NRA Approved High Power Rifle Match

Match Report and Results Bulletin

25 August 2018

Match Report

The brutally hot Southern Maryland weather took a vacation for this match and we had a really pleasant morning to shoot. AR-15 type rifles seemed to be the order of the day in both service and match rifle categories with one exception, a M1A that Lee was wielding.

The iron sighted service rifles carried the day again this match with the highest scores and Mark once again was Match Winner with his 454-7X. Yours truly fell upon his sword in the slow prone stage and blew a chance to win a match at last, but at least had the highest optical sight score.

Our next high power rifle match will be the High Power Sporting Rifle match September 22rd. Details on the match will be forthcoming. This match is a great introduction to high power shooting. Scoped and iron sights are both allowed and shooting coats, gloves and other apparel are not allowed. We have shooting mats and spotting scopes (although the scopes aren't the best) you may use if you don't have your own.

Again I thank the competitors for supporting the program and helping so much with set up and tear down of the range, special thanks to Mark for running the second relay and a hearty welcome back into the club to John Casilio. If any new members are reading this and want more info on our high power rifle matches, please contact me by email at: dschadwick@md.metrocast.net

Dick Chadwick, Match Director

Results Bulletin
