

**SLSC IR 50/50 Rimfire Bench Rest Match**  
**July 3, 2016**  
**Weather: Calm, cool and crisp...perfect for rimfire!**

A large and enthusiastic group of shooters showed up for this month's IR5050 match, enough to fill all the non-platform benches even with the threat of rain, but the showers held off and the cool calm conditions made for excellent shooting and excellent scores. And what better way to celebrate the July 4<sup>th</sup> weekend than putting several boxes of 22LR downrange?

Joe Mund and Mark Swierczek battled it out for top shot but Mark pulled away with a high single score of 247-6X and took the overall win with a three-target combined score of 729-12X. Junior shooter Gunnar Focht kept the heat on for second place with an impressively high single score of 230-4X on his final string but Joe Mund held him off on the three-target aggregate by just two points! Watch out for Gunnar at future matches...he just keeps getting better...

Mary Picard and Joe Maida battled it out for Sporter supremacy, with Mary taking the win with a three-target combined score of 635-2X and a high single score of 215-1X. And first-time shooter Dave Cooper showed up too late to shoot the first relay but made an impressive showing on strings two and three especially for his first time out...watch out for Dave at future matches! Results for all shooters are listed below:

Thank to Match Director Jim Drasgow for briefing the shooters, running the line and scoring the targets (see pictures on the next page). And thanks to everyone for coming out and keeping the competition tight. The next IR5050 match is scheduled for the August 7th, so there's plenty of time to tune up your rifle and join us at the range. See you then!
