

**SLSC IR 50/50 Rimfire Bench Rest Match**  
**October 2nd, 2016**  
**Weather: Crisp, cool, classic October**

A bit of a light turnout this month after last month's big showing, probably due to the rain and wind earlier in the week, but the weather ended up being comfortably cloudy and cool and enough shooters showed up to have a fun match.

Jen Daniel, Karla Mooney, and Jason Mooney jumped back and forth between the light and heavy weight class and found that shooting Sporter is definitely challenging compared to the bigger gun with its heavier barrel and unlimited optics! They did well, though, especially for their first match, with Jen posting a high score of 220-2X in the 13.5lb class and Karla posting a 137-1X in the Sporter class. In the 10.5lb class Mark Swierczek took the win with a high score of 243-7X and a combined total of 713-19X.

Detailed results are listed below:
